- *Energy Report* purpose
- Presentation on staff proposal
- Agency and public comment
 - Call-in number today:
877-917-1557
PASSCODE: KENNEDY CALL
 - Written comments will be accepted through
Wednesday, August 25, 2004

Energy Report purpose

- Integrated policy development:

“The integrated energy policy report shall present policy recommendations based on an in depth and integrated analysis of the most current and pressing energy issues facing the state....” (Pub. Res. Code 25302(b))
- Common information base:

“For the purpose of ensuring consistency in the underlying information that forms the foundation of energy policies and decisions affecting the state, those entities shall carry out their energy-related duties and responsibilities based upon the information and analyses contained in the report....” (Pub. Res. Code 25302(f))

development of the
*2005 Energy
Report*

- Draft of the *2005 Integrated Energy Policy Report* will follow the summer hearings on staff papers and reports, likely in mid-September 2005
- Hearings around state likely in late September or early October 2005
- Final report to be considered for adoption by November 1, 2005

Coordination with other activities

- Many of the issues of interest for the 2005 *Energy Report* are being considered in other proceedings at the Energy Commission and elsewhere
- To avoid duplication of effort, information from other proceedings and other sources will be incorporated into the record for the *Energy Report*

Need for Participation

- Staff's proposal covers an extensive array of issues
- Need to set priorities to ensure key issues are adequately addressed
- Active participation of interested and affected parties needed, including:
 - Workshops participation
 - Submission of data and comments
 - Development of independent analyses

Agency and Public Comment

- Which issues should have the highest priority?
- What sets of issues need to be addressed jointly?
- What analyses and assessments are needed to address these issues?
